REGISTRATION & QUALIFICATION PROCESS

Registration for the MyWhoosh Championships 2026 will open on 20th May **2026 12pm GST and end on 30 June.**

- All participants are required to register on the [MyWhoosh Events Page](#).
- Registration is subject to approval by MyWhoosh and MyWhoosh reserves the right to refuse registration for any reason.
- Riders must use devices, smart trainers, heart rate monitors and power meters that meet the minimum technical requirements of MyWhoosh. ([Check the equipment list here](#))

Qualifications:

- All registered participants must take the **MYWHOOSH POWER PASSPORT TEST** to be eligible to race in the MyWhoosh Championships. ([Watch Tutorial - MyWhoosh Power Passport Test](#))
- Riders who race or have raced **SRC** (Sunday Race Club) in the last 3 months, are automatically eligible to race the MyWhoosh Championships without a new power passport test.
- It is strongly recommended by MyWhoosh that new racers complete at least one SRC before the MWC. Without this in race data, riders will be at a high risk of ANL/DSQ.

REGISTRATION & SELECTION PROTOCOL: TEAM FORMATION

All team members should belong to the same category.

A team must have a minimum of 3 and a maximum of 5 racers for each stage to be eligible for team prizes.

The team time will be calculated by adding up the top 3 riders' times during each stage. Each team must complete every stage to be eligible for the overall team classification.

All riders on any team are eligible for all individual prize money.

Any team whose member count is below the minimum required will be disqualified and will not be eligible for team classification.

Once a team has been formed, the team leader must send an email to racecontrol@mywhoosh.com with the team's name and team member names with their team members CC'd in the same email.

The MyWhoosh Link App can also be used to communicate with other riders and form teams.

If a participant is unable to/ does not wish to form or join a team before the final deadline, said participant will be required to participate as an individual rider.

All team members must race in the assigned team each stage in order to be eligible for team prize money.

CLASSIFICATIONS

GENERAL CLASSIFICATION: Each stage, the cumulative time of all riders by adding all the previous stages' times will be published as the General Classification. At the conclusion of the 7 stages, the rider with the lowest cumulative time will be awarded as the General Classification Winner.

YOUTH CLASSIFICATION: Each stage, the cumulative time of all riders by adding all the previous stages' times will be published as the General Classification. At the conclusion of the 7 stages, the rider below the age of 23 with the lowest cumulative time in the GC will be awarded the Youth Classification Winner. Participants will be required to provide their ID or Passport identification upon registration to verify their age and eligibility to participate in the category.

MASTERS CLASSIFICATION: Each stage, the cumulative time of all riders by adding all the previous stages' times will be published as the General Classification. At the conclusion of the 7 stages, the rider aged 45 and above with the lowest cumulative time will be awarded the Masters Classification Winner. Participants will be required to provide their ID or Passport identification upon registration to verify their age and eligibility to participate in the category.

NOTE: Masters classification participants will be given a different jersey at the pen, regardless of which category they belong to.

GCC CLASSIFICATION: At the end of the event, the first GCC rider on GC will be the winner of the GCC rider classification. All riders who are citizens or residents of one of the 6 GCC countries are eligible in this category. (The following countries fall under the GCC countries: Bahrain - or Kingdom of Bahrain, Kuwait, Oman - or Sultanate of Oman, Qatar, Saudi Arabia - or Kingdom of Saudi Arabia (KSA) and the UAE - United Arab Emirates). To be eligible riders must complete all stages from within the GCC region.

SPRINT WINNER

- Each road stage (excluding Stage 6 Time Trial) will have a variety of Sprint checkpoints throughout the course.
- Sprint checkpoints will have points available for collection by finishing in the top 5 of any Sprint checkpoint. The top 5 shall be defined as the first through the checkpoint and not the fastest through the segment.
- At each stage, sprint points accumulated from all the sprint checkpoints in that stage will be calculated to select the Stage Sprint Winner.
- At the end of the series, sprint points from all the stages will be calculated to select the Overall Sprint Winner.
- Each sprint checkpoint will have the same amounts of points.
- In a change for 2026, stage 6 TT will have segment-based sprint points on offer and riders will be awarded sprint points for fastest through sprint segments. All other sprint points on other stages will be checkpoint based only.

Position:	1st	2nd	3rd	4th	5th
Points	5	4	3	2	1

KING AND QUEEN OF THE MOUNTAIN

- Each road stage (not Stage 6 Time Trial) will have a variety of Climb checkpoints throughout the course.
- Climb checkpoints will have points available for collection by finishing in the top 5 of any climb checkpoint. The top 5 shall be defined as the first through the climb checkpoint and not the fastest time through the segment.
- At each stage, climb points accumulated from all the climb checkpoints in that stage will be calculated to select the Stage King/Queen of the mountain winner
- At the end of the series, climb points from all the stages will be calculated to select the Overall King/Queen of the Mountain.
- Different climb checkpoints will have different points based on the difficulty level.
- In a change for 2026, stage 6 TT will have segment-based KOM points on offer and riders will be awarded KOM points for fastest through KOM segments. All other KOM points on other stages will be checkpoint based only.

OFFICIAL RULESET (V2.0.5)

All riders are required to read and adhere to the full MyWhoosh Esports Ruleset: [Link here: MyWhoosh Esports Ruleset](#)

Rider Responsibilities

All participants must:

- Set the **Trainer Difficulty Gradient** in MyWhoosh to **at least 50%**.
- Use the **default manufacturer slope** on all power devices.
- Ensure accurate and uninterrupted **power, cadence, and HR data**.
- Ensure that secondary devices are connected and recording data in the app.
- **Do not tamper** with any device or modify data in any form.
- Compete in **appropriate clothing for live-stream broadcasts**.
- Enter the event start pen in ample time before the designated start time.

Additional notes:

MWC pre-event weigh in.

Participants for categories 2 – 6 need to **record** and **submit** their weigh in video and submit this via the pop up on their web profile 60 - 30 min prior to the start of their stage 1 start time. You will have to upload the unlisted weigh-in video to YouTube and share the link via the pop-up tab.

Please give yourself plenty of time to submit your video as uploads can take several minutes depending on Wi-Fi strength. Riders may only drop a maximum 1kg from their last MyWhoosh verified weigh in.

For height video, equipment video, your Strava link, primary and secondary power source you write N/A.

Category 1 riders will be required to submit a DAILY weigh in video during this 50 – 30min pre-start time slot. For all other categories, we only require this before the start of Stage 1.

MyWhoosh may request further weight verification throughout the MWC from riders across all categories. The accepted protocol for weigh-in, height and equipment videos can be found in APPENDIX - B (PRERACE PROTOCOL) of the [MyWhoosh Cycling Esports Rules and Regulations](#).

A valid **weigh-in video** is mandatory for all competing riders. The following **step-by-step protocol** must be strictly followed.

Required Equipment

- **Digital scale** (precision of 0.1kg minimum)
- **Known calibration weight** (e.g. gym plate or kettlebell over 10kg with weight clearly marked)

Step-by-Step Recording Procedure – VIDEO GUIDE [LINK](#):

1. **Place the scale** on a hard, flat surface in the center of a room — with no nearby objects or surfaces.
2. Complete a live time and date search clearly showing the time and date on screen.
3. **Show the camera:**
 - The scale in its empty surroundings
 - The **underside of the scale**
 - The scale at **zero reading**
4. Place the known weight on the scale and **show the reading**.
5. Remove the weight and show the scale at **zero again**.
6. **Stand on the scale** and show your body weight clearly.
7. Prove **no support** is being used by either:
 - Reversing the camera and lifting it
 - Showing your full reflection in a mirror
8. Step off the scale and show **zero reading**.
9. **Move the scale 30cm**, then:
 - Stand on the scale **with the calibration weight** and show the new reading
 - Step off and show **zero** again
10. **End the recording**.

Upload & Submission

- Upload the video as **unlisted** on YouTube.
- Submit the link via the **pre-verification form** (provided during registration).
 - Qualifiers **must be** submitted between **60-30 minutes prior** to your event start time.
- Do **not share or publish** the video publicly.
- Enter the recorded weight (whole number only) into the **MyWhoosh application**.

Note: The weight used will be the integer value (e.g., 74.1kg and 74.9kg both round to 74kg in-game).

Technical Information:

- For all inquiries regarding verification, regulations & equipment, riders should consult the [Sunday Race Club's Technical Guide](#)
- In the event this document conflicts with the above rules and regulations, this technical guide shall take precedent. Please use this technical guide as your primary source of information

FREQUENTLY ASKED QUESTIONS

- **Weigh in data**

There may be spot weigh checks during the championships; any riders weighing in outside an acceptable tolerance as judged by the MyWhoosh race jury will be ANL.

- **Crash rules**

In the event of a crash, the rider must put in all efforts to get themselves back into the event as per the link in the video on how to re-join. If you do not manage to get back in to the event racecontrol@mywhoosh.com must be contacted as soon as possible. There will be a support person readily available throughout the event to support where necessary.

- **DNF rules**

Riders need to finish one stage to move on to the next.

All riders need to finish the event to be eligible for any team money.

Should a rider win an individual stage, they will be eligible for that money as a stand-alone event. In the instance a rider places for a team but then does not finish the event, their placing will still count in the overall team classification, but they will not be eligible for any overall team prize money.

- **ANL rules**

1 x ANL during the event – no eligibility for any of the overall classifications including individual prizes but can still contribute to team result/be eligible for overall team classification

2 x ANL during the event – Will be withdrawn from the event and be categorized as DSQ.

- **DSQ**

Removed from all championship results – Teams, Individual and Ranking.

Riders must also ensure their PPT values are aligned with their current physiological ability to avoid getting ANL or DSQ.

- **Adding rider back in rules**

In the light of technical difficulties beyond the rider's control, the race jury may, in exceptional circumstances, add a rider back into the group they were in or attribute a finish estimation time to allow the rider to proceed to the following stage. The race jury's decision is final in this regard.

- **Categories**

Once entries have closed, riders will be provided with a draft start sheet from which teams can be formed. It is at this point that riders may request to ride up a category should they wish to. MyWhoosh will need to approve these requests before they will be allocated to the start sheet. MyWhoosh race control will leave this process open for 5 days, after

which any team or category changes will be prohibited. Once finalised, a fixed start sheet will be sent out to all riders.

- **Team classification**

The team's classification is calculated on the best three daily stage times, not the overall times for the MyWhoosh championships. The best 3 rider performances from a team per stage will count towards the overall team classification.

- **Ties**

If there is a tie in the Overall Sprint/KOM Classification ranking, the Sprint/KOM Winner is decided by the overall general classification standing.

If there is a tie in the general/team/youth/master's classification, the rider/team with the highest finishing place in the most recent stage will be given the higher position.

If there is a tie in the Stage Sprint/KOM Classification ranking, the Sprint/KOM Winner is decided by the overall general classification standing.

If there is a tie in the Stage general classification, the rider with the highest place in the Overall general classification will be given the higher position.

- **Livestream**

Riders may be requested to mandatory livestream via google meet during the championships. This will form part of our verification process. The Zoom livestream link that is available to join is for the broadcast only and not used by our verification team.

- **Age competitions**

Youth Classification

Age: 23 years and younger or turning 23 anytime in 2026. Born on or after January 1, 2003. ID proof will be required upon registration.

- **Master Classification**

Age: 45 years and older or turning 45 anytime in 2026. Born on or before December 31, 1981. ID proof will be required upon registration.
