PARENTAL CONSENT AND GUARDIAN DECLARATION

UCI Junior Cycling Esports World Championships 2026 and Verified Events

To,
My Whoosh Technology Services LLC (the "Company")
Tristar Warehouse, Masdar City, Abu Dhabi, United Arab Emirates

This Parental Consent and Guardian Declaration (the "**Consent**") is given by the parent or legal guardian named in the Schedule (the "**Parent/Guardian**") for the rider named in the Schedule (the "**Rider**"), a Minor (a Rider who is under the age of 18 or under the legal age of majority in their country of residence, whichever is higher). It takes effect on the date it is signed (the "**Effective Date**").

1. Consent to participate

1.1 The Parent/Guardian consents to the Rider taking part in each Verified Event and, if eligible, in the Championships, and to the verification of the Rider's identity, age and category eligibility as described in this Consent. The Parent/Guardian shall submit this signed Consent to the Company by email sent from the Parent/Guardian's official email address registered with the Company.

1.2 The Parent/Guardian confirms that they are the Rider's parent or legal guardian and have authority to give this consent; that they have read and understood this Consent, the Rules and the Privacy Notice; that this consent is given freely and is not a condition of any unrelated benefit; and that the Rider wishes to take part. This Consent applies only to the Verified Events and the Championships and to no other event or activity.

1.3 The Company shall verify parental or guardian consent by obtaining confirmation directly and stated in the Schedule; a consent form submitted by the Rider alone is not sufficient.

2. The Championships and the Verified Events

2.1 The Championships is the UCI Junior Cycling Esports World Championships 2026, a cycling esports competition held remotely on the MyWhoosh platform on 12 December 2026, in which riders compete in the Junior Category representing their National Federation.

2.2 To take part, a rider must satisfy the eligibility requirements in the Rules (the UCI Regulations for cycling esports, the MyWhoosh Cycling Esports Rules and Regulations, applicable anti-doping requirements and event instructions, each as amended from time to time), including holding a UCI licence and UCI ID, meeting the required power-to-weight ratio, using approved equipment and a verified MyWhoosh account, providing dual power recording, completing the Power Passport Test, and completing at least one MyWhoosh Sunday Race Club events by 1 December 2026.

2.3 In the lead-up to the Championships, the Company will host events at which a rider's identity, age and category eligibility are checked, including through the live video session described in Clause 4 ("**Verified Event**"). Each Verified Event is a closed event: entry is limited to riders who are registered and eligible for the relevant category and is controlled by the Company.

3. Age, category and closed-entry integrity

3.1 The Junior Category is open only to riders born in 2008 or 2009 in the U-19 Juniors (17-18). The Parent/Guardian confirms that the Rider's date of birth is as stated in the Schedule and that the Rider is eligible for the Junior Category.

3.2 The Rider will take part only in the category for which they are eligible. Neither the Rider nor the Parent/Guardian will enter, or seek or assist the entry of, any rider in a category for which that rider is not eligible, including a rider from a higher age group entering a youth event. The closed format and the verification process exist to prevent this.

3.3 The Company may refuse or withdraw participation and disqualify the Rider if the Rider's identity, age or eligibility cannot be verified, or if the Rider or the Parent/Guardian provides false, incomplete or misleading information. Participation is at all times subject to the Rules, and nothing in this Consent overrides the Rules.

4. Identity and age verification – live video session

4.1 At a Verified Event, the Company will verify the Rider's identity and age by means of a live video call (for example, Zoom), during which the Rider will present a valid passport or government-issued photographic identity document showing the Rider's full name and date of birth (the "**Identity Document**").

4.2 The session is a live check only. It will not be recorded, streamed, broadcast, stored or published, and the Company will not copy, photograph or otherwise retain the Identity Document, except to the extent retention is required by the Rules or by law, in which case only the information required will be kept for the period required.

4.3 A parent or legal guardian must be present, or immediately available, during the session, and the Company will not hold a private one-to-one video session with a Minor without the Parent/Guardian's knowledge. The Parent/Guardian will ensure that the Rider joins the session from a safe and private setting.

5. Personal data and privacy

5.1 The Company will process the Rider's personal data including name, date of birth, nationality, National Federation, UCI ID, verification and race data, and health-related data such as heart rate in order to verify the Rider's eligibility, to administer the Verified Events and the Championships and to comply with the Rules and applicable law.

5.2 Because the Rider is a Minor, the Company relies on the Parent/Guardian's consent for this processing, together with any other lawful basis available to it under applicable data protection laws (including UAE Federal Decree-Law No. 45 of 2021 and, for Riders located in the EU or EEA, the EU General Data Protection Regulation 2016/679).

5.3 The Company will collect only the data that is necessary; keep it accurate, secure and protected against unauthorized access; retain it only for as long as necessary for these purposes or as required by the Rules or law; and delete or anonymize it when it is no longer needed.

5.4 The Rider's personal data may be shared only with the UCI, the Rider's National Federation, the appointed International Commissaire, anti-doping authorities (conducted on behalf of the UCI) and service providers bound by obligations no less protective than this Consent, as set out in the Company's Privacy Notice at https://mywhoosh.com/privacy-policy/.

5.5 The Parent/Guardian and the Rider have the right to access, correct and, in certain circumstances, delete the Rider's personal data, and may withdraw consent under Clause 9, by contacting the Company's data protection contact at privacy@mywhoosh.com. A complaint may also be made to the competent supervisory authority.

6. Health and fitness

The Parent/Guardian confirms that, to the best of their knowledge, the Rider is in good health and fit to take part in the sustained physical exertion involved in cycling esports; will obtain medical advice before the Rider takes part if there is any doubt; and will notify the Company promptly of anything affecting the Rider's ability to take part safely.

7. Conduct, results and anti-doping

The Rider and the Parent/Guardian will comply with the Rules and UCI guidelines and requirements, will use only approved equipment and will not use any prohibited method, device or performance enhancement. All results remain provisional until performance verification is complete and the classifications have been ratified by the UCI and the appointed International Commissaire.

8. Images and results

The verification session is not recorded, streamed or stored (Clause 4.2). The Company may report and publish the Rider's name, National Federation and results for the reporting, ranking and promotion of the events. Any other use of the Rider's image or likeness, including an AI-generated likeness, requires a separate written consent signed by the Parent/Guardian.

9. Withdrawal of consent

The Parent/Guardian may withdraw consent at any time by written notice to the Company, with effect from receipt. The Rider will then be unable to take part, or to continue to take part, and processing of the Rider's personal data will stop, except where retention is required by the Rules or by law. Withdrawal does not affect the lawfulness of processing carried out before withdrawal, any ratified result, or any anti-doping or integrity process.

10. Risk, liability and indemnity

10.1 The Parent/Guardian acknowledges that cycling esports involves sustained physical exertion and inherent risks, and that the Rider takes part on the basis of the health declaration in Clause 6.

10.2 The Parent/Guardian will indemnify, defend and hold harmless the Company, its affiliates and their officers, employees and agents against losses, claims, damages and expenses arising out of the Rider's or the Parent/Guardian's breach of this Consent or the Rules, or the provision of false or misleading information.

10.3 The Company will be liable only for direct and proven losses that are the direct result of its own negligence or fraud, and not for indirect or consequential loss or loss of profit, goodwill, data or opportunity. Nothing in this Consent limits or excludes any liability that cannot be limited or excluded by law.

11. Governing law and jurisdiction

This Consent, and any dispute or claim (including any non-contractual dispute or claim) arising out of or in connection with it, is governed by the law of the Emirate of Abu Dhabi, United Arab Emirates. The parties submit to the exclusive jurisdiction of the Abu Dhabi Global Market (ADGM) Courts or, at the option of the party starting proceedings, the judicial courts of the Abu Dhabi Judicial Department.

12. General

This Consent, together with its Schedule, is the entire agreement between the Parent/Guardian and the Company on its subject matter. Any amendment must be in writing and signed by both parties. If any provision is found invalid or unenforceable, the remainder continues in full force. Electronic signature is valid and binding.

Declaration and signature

I confirm that I am the parent or legal guardian of the Rider, that I have read and understood this Consent, and that I consent to the Rider taking part in the Verified Events and the Championships on the terms set out above.
